#HACK4DK 2013
HACK YOUR HERITAGE

DEVELOPERS!

We invite YOU to participate in this year's big Danish heritage hackathon. We had a blast last year and with you, we'll make it even better this year. Expect more data, more time, more people, more fun!

WHAT'S IN IT FOR YOU?
A chance to play with open cultural data, such as images, maps, aerial photos, listed buildings, films and artworks and spend some fun hours with fellow developers. There will be free food and drinks and a fun and nerdy party afterwards.

WHAT'S IN IT FOR US?
We want to demonstrate the value of open, free and accessible data with exciting prototypes and educate the cultural world about the power of APIs, webservices, mashups and the creativeness of skilled developers, designers, storytellers, concept wizards and similar imaginative people.

CHECK OUT THE WINNING PROJECT FROM 2012!
